

Review: Inquiry Process

Name _____

Date _____

Complete each item below.

1. Write the six steps in the inquiry process in the correct order: *research, improve, question, present, create, plan*

2. Match each step in the inquiry process with its description.

Question

- Gather important information and resources for your work.

Plan

- Check your goal and make your work better.

Research

- Explore possibilities by imagining, brainstorming, and dreaming.

Create

- Put your plan to work to make something new.

Improve

- Share your work with others.

Present

- Set the goal for a project and outline objectives, tasks, time, team, and tools.

3. Think of something you want to achieve in school during the next week. (Example goal: Finish all of your assignments on time.) State your goal on the lines below.

4. Write objectives for your goal, as you would on a planning sheet, by answering the 5 W's and H.

Who? _____

What? _____

Where? _____

When? _____

Why? _____

How? _____
