English Graphing Projects

Reading

Pie Graph
Create a pie graph of your classmates' reading habits: mystery, fantasy, horror, romance, and nonfiction.

Line Graph
Create a line graph that tracks the amount of time you spend reading during at least a two-week period of time.

Bar Graph
Create a bar graph that compares the amount of time your classmates spend each day reading books, print newspapers, magazines, and online articles.

Table
Create a table that displays the personality, habits, strengths, and weaknesses of the characters in a book you are reading.

Diagram
Create a diagram of a setting from an important scene in a book or play you are reading.

Time Line
Create a time line to track the plot of a classroom reading assignment.

Infographic
Create an infographic that provides interesting facts about a book you recently read.

Writing

Pie Graph
Create a pie graph that shares key information from one of your expository or persuasive essays.

Bar Graph
Create a bar graph that shares key information from one of your expository or persuasive essays.

Table
Create a table about the characters you want to develop in a short story. List characters down the left column and attributes across the top line.

Time Line
Create a time line of key plot points you want to cover in a fictional or personal story.

Flowchart
Use a flowchart as a planning tool to outline the key points of a classroom writing assignment.

Infographic
Create an infographic of different types of phrases and how they function.

Grammar

Diagram
Create a diagram that points out the parts of speech in a complex sentence.

Infographic
Create an infographic showing five common grammatical errors and ways to correct them.
